I understand that Academic Renewal applies to all courses having grades of D+, D, or F, unless some courses are requested to remain as counting towards the degree, and taken before readmission. All such courses will remain unaltered on the transcript with the appropriate notation added to the transcript to indicate Academic Renewal has been applied. Renewed courses will not count for computation of GPA, EHRS (earned hours), or for satisfying any graduation requirements. Further, I understand that Academic Renewal may be applied only once and is irreversible.

I wish to petition for Academic Renewal according to the Academic Renewal Policy. I have read and understand the policy and guidelines. I understand that the Registrar's Office will review my request and that I will be notified for all actions via e-mail.

# Academic Renewal Policy and Guidelines

Undergraduate students who have been admitted to Utah State University after an interruption in their collegiate education for five or more years may petition to have certain credits removed from the calculation of the GPA needed for credit. The renewal procedure allows the student's academic records to be reviewed for the purpose of eliminating from grade point average computation all grades D+ or below, unless otherwise noted, that were entered on the academic transcript five or more calendar years prior to admission, including transfer credit. A \$25 processing fee will be assessed.

## Guidelines:

- Academic Renewal does not apply to graduate students nor to students pursuing a second undergraduate degree.
- Academic Renewal may be applied only once and is irreversible.
- An absence of five or more years must have elapsed between admission and the last enrollment at an institution of higher education. (Note: Students must be currently enrolled at USU to apply for academic renewal.)
- After admission, but before application for renewal, the student must have completed At least one of the following at Utah State University:
  - 10 semester credits with at least a 3.00 GPA
  - 20 semester credits with at least a 2.75 GPA
  - 30 semester credits with at least a 2.50 GPA
- Academic renewal applies only to courses having grades of D+, D, or F and taken prior to readmission. All such courses will remain unaltered on the transcript with the appropriate notation added to the transcripts to indicate academic renewal. Courses designated in the petition will not count for computation of GPA for earned credits, nor for satisfying any graduation requirements. Courses with a grade of C- (or P) or better will be carried forward.
- Students may apply for this renewal after they have met the guidelines listed above. They are strongly encouraged to meet with their academic advisor prior to submitting their request.
- Academic renewal will be effective as of the date of admission following the minimum five-year absence.
- If you wish for some courses that are D+ or below to stay on your transcript, please type a letter explaining which courses not to drop.
